Our Beginning

After many years of ministering in Miracle Services in Kenton, Pastors Peter and Phyllis Doseck felt the call of God to launch an Only Believe Ministries campus in the heart of our city. Pastors Phillip and Regina Walker were chosen to shepherd this brand new church family, and with great anticipation, in February of 2011 Only Believe Ministries Kenton was born. The opening was wonderful, with more than 40 people on the very first Sunday morning. The mission was clear: winning souls and changing lives in a city ready for a move of God.

Over the years, people have discovered the message of OBM Kenton, and they have gathered together in a safe place filled with faith, hope, and love. No two people are alike, and so it is in church families.

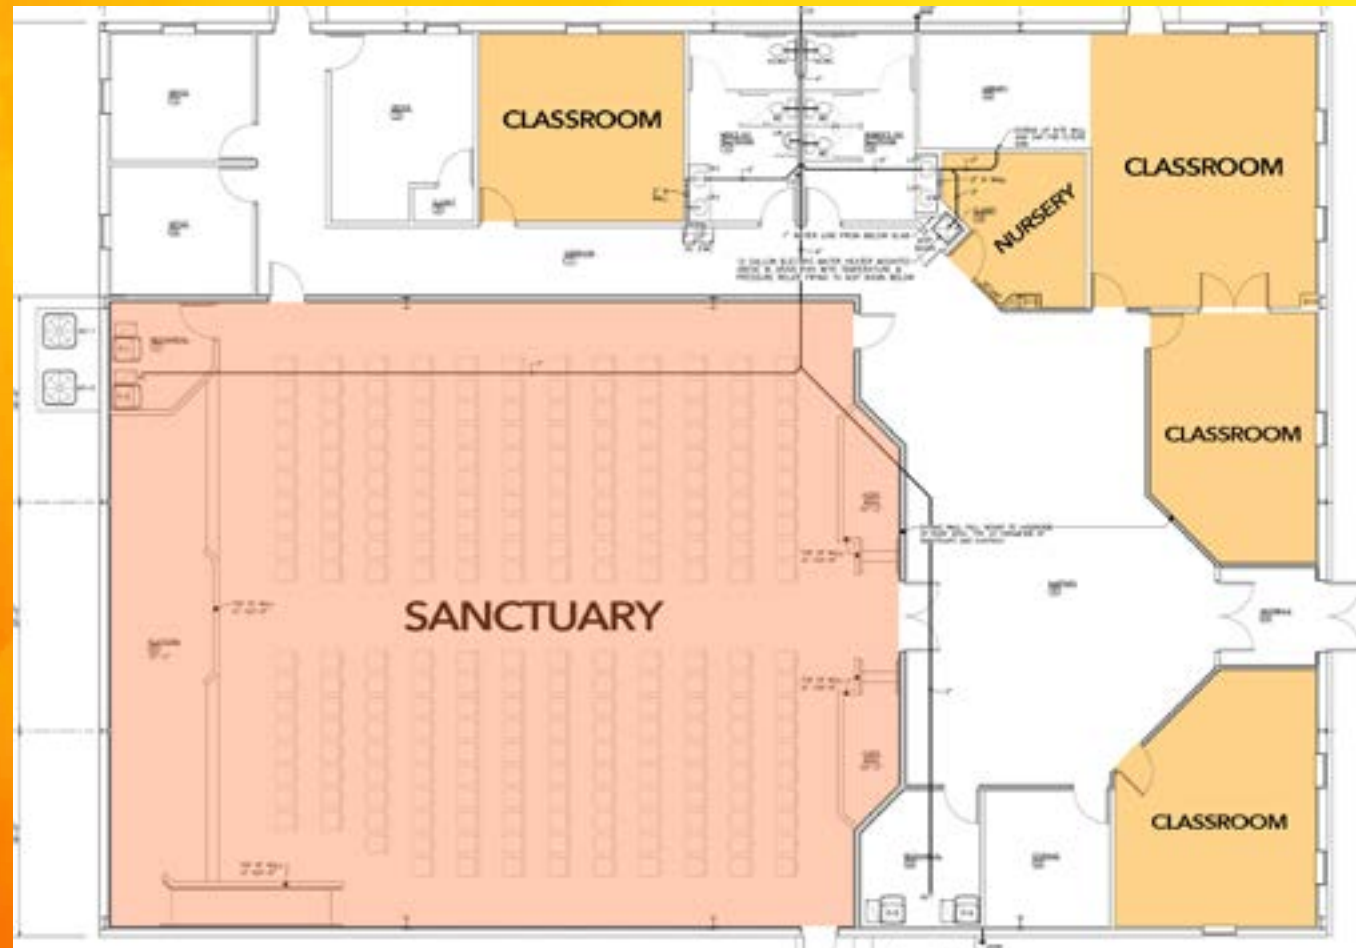

Every unique individual is important in our growing church, and in the same way, every unique individual is important as we follow the call of the Lord to build a new facility for His glory.

**OUR
PURPOSE**

We are so excited about the future! We will have 8,640 square feet of God-inspired space inside our new church, and two acres outside! Our facility will include state-of-the-art lighting and sound equipment, and plenty of room in our main sanctuary for teams to minister on the platform and at the altar. God is so good!

8,640 SQ. FT.

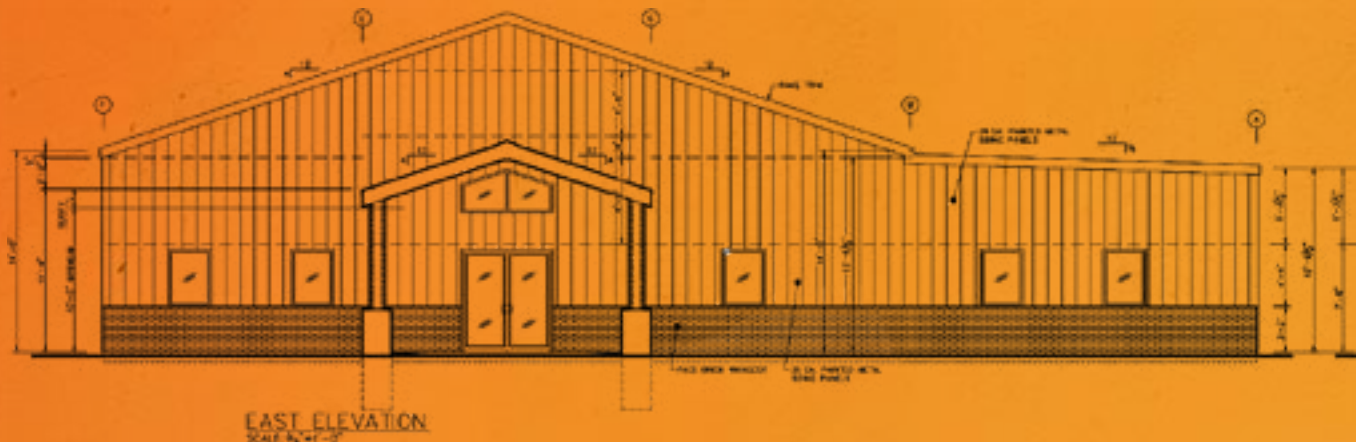

Our children and youth will be blessed as we grow, and we will have so much more to offer our community when our building is complete! We will be able to resolve the issues our current lack of space has created, and we will be able to dream bigger dreams and fulfill greater vision in a space designed with love and built with the help of a people on fire for Jesus.

OUR DREAMS

WHAT TAKE

will it

1

FAITH

We are using our faith to raise \$1.25 million to build a beautiful facility, and we believe souls will be saved, and lives and bodies will be mended because of the call God has placed on our church family.

2

PRAYER

Every work of God takes prayer, so we are asking you to join us as we pray for the construction process to go smoothly, for every need to be met during our transition, and for wisdom to overcome every obstacle along the way.

3

Giving

We ask you to prayerfully consider if you can give above and beyond your tithe to help us cover the cost of construction. Whatever seed you sow, it will be multiplied back to you, for we know God will not forget your labor of love.

4

Commitment

Let's get excited! What began as a dream, has now become a reality. It's time for us to lock arms with one another and accept the challenge the Lord has put before us. We have been birthed in this city for such a time as this. Let's get busy. Let's make a two-year commitment to work together, give together, and stay focused. Let's be that city set on a hill that cannot be hidden. After all, we are the church of the second mile. Let's not just go one when we are asked, let's go two!
